

Winter Moving Emergency Kit Checklist

Planning a long distance winter move? Make sure you have an emergency kit whether you are driving a moving truck rental, a rental car, or your own vehicle. Your emergency kit will help with emergencies like vehicle malfunction, traffic delays due to inclement weather, and cranky passengers. The kit should include the following:

- Basic tool kit
- Bottled water
- Emergency phone numbers
- Extra blankets
- Extra pair of gloves
- First-aid kit
- Hand-crank flashlight/radio
- Insurance information
- Portable cell phone charger
- Road flares
- Snacks
- Tire chains
- Truck rental paperwork

Metro Self Storage offers affordable storage units for rent throughout the Midwest and Eastern United States. Visit our website, www.metrostorage.com to learn more about winter storage solutions.
